35		\$

13. Complete your product descriptions. Please use this format when creating your descriptions: **SIZE-COLOUR-BRAND-DESCRIPTION** ie, "Size 12 Witchery Pink Floral Dress", be as detailed as you can, this ensures we have a higher chance of searching your garments in our system should tickets detach from garments. If you are sharing a rack with a friend, you may wish to put each of your initials at the end of the description to make it easier to reconcile your funds at the end of the rental **Ensure you save when completed.**

Help

- By creating your product sheets online you ease your own sales tracking. The name and price of the sold products in sales tracking are only shown if the products were created online.
- Mark the product sheet as done after you have finished editing the products. Only the product sheets that have been marked done can be printed out from the flea market's cash register system.

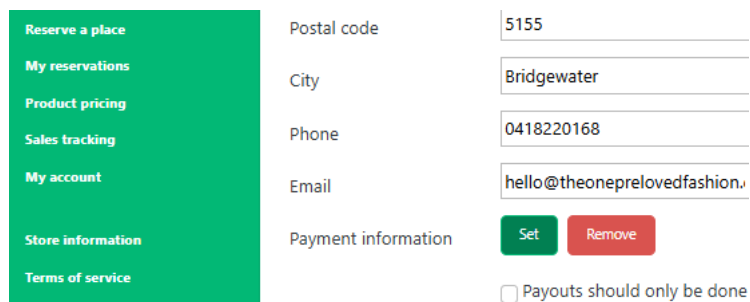

15. Going back to Product Pricing Click the drop-down box and select 'Print. We suggest printing or attaching your tickets on thick paper/cardboard or once printed on paper, attach to clothing tickets or tags to ensure tickets don't tear or detach when our customers are trying on your items (PLEASE ONLY PRINT YOUR TAGS ON WHITE PAPER OR CARD). You can attach tickets with a safety pin or string, generally to the garment tag at the neck or waist of the item, whichever you prefer making sure they are nice and secure

The screenshot shows the 'Product pricing' page for 'The One Preloved Fashion'. The page has a green sidebar on the left with navigation links: Reserve a place, My reservations, Product pricing, Sales tracking, My account, Store information, Terms of service, Help, and Log out. The main content area is titled 'Product pricing' and 'Product sheets'. It includes a filter for 'All products', sorting options ('Order from oldest to newest', 'Show hidden sheets'), and a 'Create a new product sheet' button. A product sheet for '#847931' is displayed, titled 'Unnamed product sheet' with location 'L2'. It lists items # 31-94 (64 pcs), creation time 2024-10-10 12:01:53, and update time 2024-10-21 07:43:00. A 'Pricing done' button is visible. A dropdown menu is open over the product sheet, listing options: Enter items, Mark as done, Edit name, Hide, Print (circled in red), Mark as printed, and Show products. A 'Help' section is also visible, containing two bullet points about creating and marking product sheets.

16. Choose the "33 stickers (Primary)" box (this is just the number of tickets that will print on each A4 pieces of paper, this does not limit you to the total number you can print – choosing A4 65 stickers will print the tickets too small and your description wont print in full)

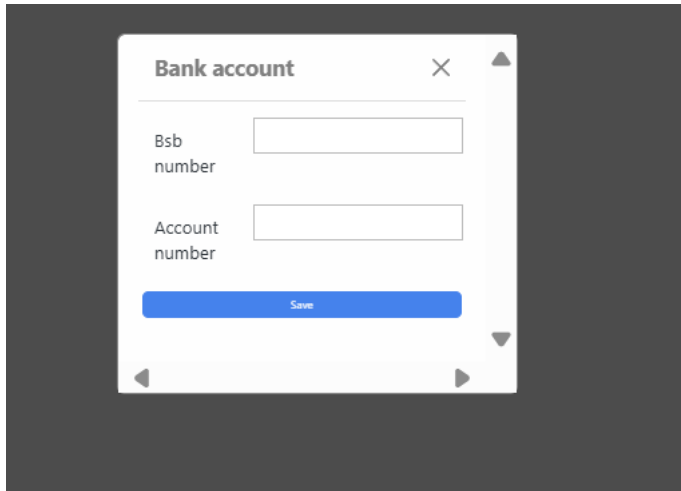

The screenshot shows the 'Printing a product sheet' dialog box overlaid on the 'Product pricing' page. The dialog box has a title bar with a close button. It contains a section 'Select printing method' with three options: 'A4 65 stickers (Secondary)', '33 stickers (Primary)' (circled in red), and 'A4 (65 stickers company products)'. Below this is an 'Article list' section. The background page is dimmed, showing the same navigation sidebar and product sheet information as in the previous screenshot.

Go to 'Payment Information' and click 'set'

The image shows a user profile page. On the left is a green sidebar with the following menu items: 'Reserve a place', 'My reservations', 'Product pricing', 'Sales tracking', 'My account', 'Store information', and 'Terms of service'. The 'My account' item is highlighted. To the right of the sidebar is a form for 'Payment information'. The form contains the following fields: 'Postal code' with the value '5155', 'City' with the value 'Bridgewater', 'Phone' with the value '0418220168', and 'Email' with the value 'hello@theoneprelovedfashion.'. Below these fields are two buttons: a green 'Set' button and a red 'Remove' button. At the bottom of the form is a checkbox labeled 'Payouts should only be done' which is currently unchecked.

Add your bank account details and hit 'Save'

The image shows a modal form titled 'Bank account'. The form has a close button (X) and a scroll indicator (triangle) in the top right corner. It contains two input fields: 'Bsb number' and 'Account number'. Below the input fields is a blue 'Save' button. The modal is set against a dark grey background.

And Finally, don't forget to post on your own socials and promote your items and rack rental!!
